

CUSTOM

SOLUTIONS

WELCOME TO HARRY THE HIRER:

Proudly an Australian owned family business that originated from humble beginnings in 1977 with only 8 staff, we now have over 500 employees.

We're friendly, enthusiastic and experienced. We are passionate about good design and we want to help you with your project. We do this by listening to you and then taking little steps. From little steps big things grow.

We invite you to experience the Harry's Custom Solutions experience.

CREATIVE

The quality is unconditional.

Our look is all encompassing – contemporary, fashionable, timeless and modish.

Engage the Harry the hirer Creative team to select pieces from our range to deliver your design brief.

The Hub:

- Stylists
- Industrial, Custom & 3D
- Design
- Produce
- Procurement

CREATE DESIGN BUILD

Our team is driven by the influence of original design and we take inspiration from international and local trends.

We pay attention to your vision and amplify with up-to-date ideas and impressive finishes.

CUSTOM BUILD

The fun bit! We love designing and you'll love it too. We listen and brainstorm together.

Then we research, we combine the best elements of digital and traditional technology, then we chat again.

Back and forward and in no time we have a Custom Solution.

DENVER PANELS

The first modular system in the market that is invisible. An astute combination of aluminium frames, panels and textiles.

Denver bonds the gap between old-style wood structure and prefabrication. The final finish is unified, continuous and seamless.

UPGRADE STAND

There is nothing better than seeing what you have imagined take shape.

So now we finalise the detail – materials, samples, refine the images and share with you so that you know exactly what is going on your stand.

The Harry's Custom Solutions team is committed to achieving high quality designs and providing a service that instils confidence in our clients.

ACTIVATION

Effective branding captures the essence of a product or service and communicates a message about the company. Activation is a brief moment in time to tell a short, sharp, powerful story.

We will distinguish your story from your competitors by setting the tone and values of your brand through components such as logo, typeface, colour palette and visual identity.

OUR COMMITMENT

We love installation day. We are on site to inspect and review our work. At the end of the process you will have a completed stand that we can be proud about.

Our success lies in your final approval. Our assurance in the outcome is based on an unfailing history of hiring the best people, nurturing relationships and combining unsurpassed products.

ABILITY TO SERVICE

Expertise

With more than 35 years in the business and over 500 employees Harry the hirer has produced a significant body of work all around Australia.

Projects are deeply grounded in understanding the context of the event, user experience and brand distinctiveness.

Large Fleet

A specialised fleet of trucks, vans, utes and semi-trailers to deliver stock on time, every time.

PRODUCTION

We house one of Australia's largest inventories of production equipment. Our complete range of services and equipment includes rigging, lighting, staging, audio, visual, LED screens, drapes, exhibition lighting and electrical reticulation.

When combined with Harry the hirer's massive depth of technical and creative talent, there isn't another company in Australia that can compete on product or service and knowledge.

Harry the hirer is the most trusted Truss & Rigging supplier across Australia. For more than a decade, Harry the hirer has been a major supplier of rigging to the events, parties and exhibition market.

Our experienced and fully licensed riggers, work across Australia's major venues suspending not only lighting and audio visual equipment, but often large scale products such as boats or cars and the odd performer.

FURNITURE

We curate distinctive furniture for beautiful spaces.

We embrace colour and texture.

We are driven by change.

Importantly, we maintain each piece over its lifecycle, ensuring any wear and tear that may arise over the years can be carefully repaired.

SIGNAGE

Our printing departments are experts in event and exhibition signage.

We proudly offer large scale, high impact, external and bespoke projects.

Our in-house facilities allow us to deliver with speed to accommodate deadlines.
