LOOKBOOK

HARRY THE HIRER CUSTOM BUILD

Our custom builds for events are design-led by project managers, industrial designers, 3D visualisation, rendering experts and detailed draftsmen work together to ensure your needs are prioritised and reflected.

In our spacious workshop in Melbourne's west, the custom team expands to 35 full-time cabinetmakers and carpenters - working with CNC routers, automotive spray booths and metal fabrication facilities to serve activations from bespoke to major.

Incorporating services such as technical signage, manufacturing and joinery, this positions us as the one stop shop for event, party and activation projects.

STYLED UPGRADE OPTIONS

Looking to create a bespoke look in your area? Want to upgrade your furniture options we have curated a selection for you.

Combined with a dedicated Signage, Audio Visual, Production, and Custom Builds team on hand Harry the hirer can ensure an elevated experience at the 2023 Formula 1 © Rolex Australian Grand Prix.
